

End of Sale Announcement

HP 1905-10G-PoE : JD864A

Public Announcement

HP today is announcing the coming End of Sale of HP 1905-10G-PoE Switch (JD864A). Target End of Sale is May 1, 2012, or while supplies last. The HP 1905-10G-PoE Switch is a smart managed Layer 2 Power over Ethernet switch with 10x 10/100/1000 ports, one of which is a combo port paired with an SFP port.

In May 2012, HP announced the release of three new smart managed 8-port model Gigabit switches with advanced capabilities for small business customers – Layer 3 static routing, Access Control Lists, QoS, the latest in energy saving features, and lifetime warranty. All have 8x 10/100/1000 ports plus one gigabit SFP port.

The new SKUs are:

JG348A : HP 1910-8G Switch

JG349A : HP 1910-8G-PoE+ (65W) Switch

JG350A : HP 1910-8G-PoE+ (180W) Switch

HP 1905-10G-PoE Switch customers should look at these two models to transitions to:

- JG349A has 65W PoE Budget consistent with the current HP 1905-10G-PoE model. The new model will have more functionality. In ports, the older model has 10x GE with 2 combo (total 10 active ports) whereas the newer model will have 8x GE with 1 true SFP port (total 9 active ports).
- JG350A has 180W PoE Budget greater than the current HP 1905-10G-PoE model. The new model will have more functionality. In ports, the older model has 10x GE with 2 combo (total 10 active ports) whereas the newer model will have 8x GE with 1 true SFP port (total 9 active ports, one requiring an optional transceiver).

Current Product #	Current Product Description (ES May 1, 2012 or while supplies last)	Replacement Product #	Replacement Product Description (Available May 14, 2012)
JD864A	HP V1905-10G-PoE Switch	JG349A	HP 1910-8G-PoE+ (65W)
		JG350A	HP 1910-8G-PoE+(180W)
